

VISCOUNT PLASTICS

HYGIENE PALLET

The Viscount Plastics Hygiene pallet brings added load-bearing capacity to the Viscount range of pallets. Static load capacity is 6000kg, dynamic 1500kg.

Unlike the traditional wooden pallet, the top surface of this plastic pallet is closed and completely smooth with no joins or nail heads. Underside surfaces, including the three skids, are similarly smooth contributing to the pallet having no grime and contamination traps. It is easily washed and can be hygienically cleaned using hot washing, steam cleaning or chemical sterilising. When thoroughly cleaned it can be used in direct contact with food.

TECHNICAL DRAWING

TECHNICAL DATA

Dimensions

Ext:	
Length:	1200mm
Width:	1000mm
Height:	150mm

Load capacity

Static:	6000kg
Dynamic:	1500kg
In rack:	800kg

Weight	18kg (+/- 0.2kg)
---------------	------------------

Temperature range

In use:	-20°C up to +40°C
Cleaning:	up to +100°C

Options (minimum quantities apply)

- Special colours available upon request
- Anti-slip pads
- Marking possible (name/logo/numbering)
- Can be made UV protective

Characteristics

- Standard colour: blue (other colours available - minimum quantities apply)
- Food-grade approved raw materials (PP)
- Biologically stable
- Easy to clean and dry

Other considerations

- Hygienic top, easy to clean
- Anti-slip straps on top deck and bottom skids
- "Four-way" hoist entry with three skids on base
- Racking compatible
- Branding with customer colour logo is optional
- Rounded corners allow secure stretch wrapping
- Smooth surfaces on top, underside and runners - to prevent the accumulation of dirt and debris, making it easy to clean
- Robust construction - allows for the pallet to be used in racking with a distributed load of 800kg and on automated conveyor systems
- Manufactured from Food Grade PP, for repeated direct contact with food.
- No risk of contamination if cleaned thoroughly between uses
- Can be cleaned at up to 100°C - to ensure that the pallet is thoroughly clean
- Smooth surfaces prevent water build up - making it easy to dry
- Compatible with all materials handling equipment, including jack trucks

Quantity in Container

- 240pcs/20GP
- 452pcs/40GP
- 508pcs/40HC
