

# VISCOUNT MEDIUM PLASTIC PALLET

## 1200mm X 1000mm

Lasts 3 times longer than wooden pallets  
No fumigation  
Environmental & sustainable  
European design & manufacture

Superior grade, lightweight European manufactured pallets, represent quality design, durability and significant return on investment in supply chain environments.

Manufactured from recycled material and purpose designed and priced for moving and storing lighter loads (static 4500kg, dynamic 1500kg, racking 750kg), the Viscount Medium Plastic Pallet is fully recyclable and remarkably robust. Features include a vented deck for promoting airflow – a real bonus in temperature controlled environments – and open cell structure to promote strength while inhibiting build up of grime.

## TECHNICAL DRAWING

## TECHNICAL DATA

### Dimensions

Length	1200 mm
Width	1000 mm
Height	155 mm
Window opening	95 mm

\*dimensions in accordance with ISO, AFNOR, DIN, CEN

### Load capacity

Static	4500 kg
Dynamic	1500 kg
In rack**	750 kg

\* load capacities can vary according to the type of load

\*\* homogeneously distributed load

<b>Weight</b>	14.6 kg
---------------	---------

### Temperature range

In use	-20°C up to + 50°C
Cleaning	up to +100°C

### Options (minimum quantities apply)

- Standard colour: black
- Antislip rubber inserts on/under deck – under runners
- Special colours available on request
- Available with 3 runners

### Other Considerations

- UV and weather resistant
- Can be cleaned at up to 100°C water temperature
- Full perimeter base to help spread load evenly and add strength
- Retaining lips on outside edges prevent product movement on pallet deck
- Lightweight pallet - perfect for the movement of lighter items such as packaging
- Performs well in racking - 750kg
- Vented top deck for increased airflow - ideal for use in temperature controlled environments
- Open cell structure - creates strength in the pallet and prevents build up of dirt
- Self draining
- A pallet that performs way above it's price point
